Covington, WA 98042

Attn: Jeff Plano

Dear Jeff

On behalf of W.G. Clark Construction let me express our thanks for your firm's efforts in making the Village Theatre Scene Shop project a success. The project was not without its challenges not the least which included a restricted building site and a tight completion date. The skill and responsibility of your personnel was a strong contributor to the project's success.

W.G. Clark was very impressed with your work on the Scene Shop project and look forward to the opportunity of working together in the future. You can count on W.G. Clark to furnish a positive recommendation to others. Thanks!

Regards,

Harvey Hendrickson
Senior Project Manager
